BACKGROUND

I am a Dedicated ICT Support Professional with a Diploma in Information and Communications Technology (Applications Development) and over 2 years of experience in system support, technical facilitation, and IT troubleshooting. Experienced in providing first-line technical support, maintaining ICT systems, supporting cloud-based tools, and guiding users in digital environments. Strong working knowledge of Microsoft environments, hardware/software troubleshooting, system documentation, and cybersecurity awareness. Recognized for strong communication skills, structured problem-solving, and the ability to support both technical and non-technical users effectively.
